Chemical Industry Rallies Together during the SCIC Annual Dinner 2013 and Responsible Care Awards 2012

Singapore, 21 March 2013 – The chemical industry and some key government agencies rallied together today to celebrate the efforts put in by our industry members to continuously demonstrated improvements in their HSE performances through the implementation of the Responsible Care programme. The SCIC is the official body representing the chemical industry of Singapore in the private sector.

As part of the Annual Dinner Programme, a total of 124 Responsible Care Awards were presented to 48 companies, who received the awards for various categories in recognition of their commendable implementation of the Responsible Care Codes of Management Practices.

The event was graced by Ms Grace Fu, Minister in the Prime Minister's Office, 2nd Minister for the Environment and Water Resources and 2nd Minister for Foreign Affairs and was attended by invited guests including representatives from various government agencies such as the Economic Development Board, IE Singapore, JTC Corporation, Ministry of Manpower (MOM), National Environment Agency (NEA), Singapore Civil Defence Force (SCDF) and SPRING Singapore.

Responsible Care is an international voluntary initiative of the chemical industry to operate within strict environment, health and safety guidelines - often beyond what is required by regulations - so as to co-exist safely and in harmony with the environment and the community. In Singapore, it is guided by six codes of management practices covering community awareness and emergency response; distribution; employee health & safety; pollution prevention; process safety; and product stewardship. Achievement, Gold and Excellence Awards are presented for companies' performance in each code.

This is the 12th year running that the Responsible Care Awards are being given out since its launch in 2001. It is open to members of SCIC who are signatories of Responsible Care. Companies conduct self-audits and submit entries for the various codes, after which these submissions are reviewed by a panel of judges, comprising members from the industry and representatives from the Ministry of Manpower, National Environment Agency and Singapore Civil Defence Force. Clarification meetings and site visits are also conducted before the results are finalised and endorsed by the board of the SCIC.

SINGAPORE CHEMICAL INDUSTRY COUNCIL LIMITED

8 Jurong Town Hall Road, #25-04
The JTC Summit, Singapore 609434
Tell: (65) 6267 8891 Fax: (65) 6267 8893

As the flagship programme of the chemical industry to improve HSE standards and performances, Responsible Care has been an integral platform that has brought companies across the supply chain together in a concerted effort to share good practices and extend mutual assistance especially towards the local companies.

Please refer to Annex A for complete list of Responsible Care Awards 2012 winners.

About the Singapore Chemical Industry Council Limited (SCIC)

The SCIC is the official body representing the chemical industry of Singapore in the private sector. Its membership comprises key multinationals, small and medium enterprises, as well as logistics/services providers and traders.
